

This is the current (Oct '09) playlist at Drummoyne Pressy.

We've limited the list to 70 songs, each played 4 times a year on average.

(If it's not worth playing that often, musos and congregation won't really know it.)

We've taken sheet music and arranged into comb-bound books:

- Good for recruiting, just hand them a book and they have all they need
- Good for being organised, as each muso has a copy of what they need
- Easy to update, as the comb can be split open and new songs added, old ones rested

It's prompted us to be thoughtful in which songs we include / rest
