

What is Christianity?

Being a Christian is not simply a matter of being moral; it is much more than that. It is who and what you believe in as well as how you live.

We must realize that this is God's world. He made it and us. Therefore we are not our own boss, but are accountable to Him. God made Jesus Christ the ruler of the world and He has the right to control our lives completely. Everyone has rebelled against Jesus' right to rule their lives—some actively and some passively. Either way, our wanting to live without God in our lives is what the Bible calls sin. Christians are people who have stopped rebelling against Jesus and have put him in control of their lives. They have come to trust in Jesus and what He has done for them.

A Christian then, is someone who recognizes that Jesus has the right to control their life. They recognize that their rebellion deserves judgement but through Jesus' death & resurrection, they have accepted God's offer of forgiveness.
